Dont worry, be happy: The Relax Kids 21 Day Plan

This programme has been designed to help you improve your child's anger, general behaviour, concentration, confidence and sleep by using daily relaxation. It is said that it takes 21 days to change a habit or behaviour.

This programme has been designed to be easy, enjoyable and relaxing for all the family. In fact, the more you can relax together, the more your child will enjoy it and find it natural and organic. Each set of daily tasks are simple and can be completed in a couple of minutes. When the household is calm and happy, the kids are too!

Each day comprises of an exercise, an affirmation and my "tip of the day". The exercises give the children a focus, this might be a visualisation, a stretch or a breathing exercise. The affirmations help them develop their self awareness, confidence and positive outlook and my "tip of the day" can help you maintain a relaxing atmosphere at home. Each week there is an activity for Family Chill Night where the whole family can get together and relax.

I hope you enjoy the programme. Please do let me know how you and your family feel after 21 days. I would love to hear your feedback and answer any questions you may have. You can email me personally at marneta@relaxkids.com

Day 20

Congratulations!

You did it! It's official, you are now well and truly relaxed!

Exercise

Close your eyes, be very still and imagine you are lying down on the grass at night. The grass is soft and warm and you can smell the fresh smell of earth. If you lie there very still, you can hear the blades of grass rustling slightly. It is a warm summer night and the sky is completely black. As you lie there, you can see shimmering sparks in the sky.

These stars make interesting patterns in the velvet black sky. Spend some time looking at the glittering patterns. There is one star that catches your eye. It is the biggest star and it shines like a sparkling diamond. As you look at it, you can see all the colours of the rainbow in the star. This is the most beautiful star you have ever seen – it is gleaming in the dark sky. The star appears to get bigger and bigger. It is getting brighter and brighter. This is the wishing star. You can wish for anything you like. Spend a few moments thinking about what you would like to wish for and, when you are ready, whisper your secret wish to the star. It is as if the star has heard your wish and is smiling. You feel happy and content that the wishing star has heard your secret wish, and you hope that one day your wish will be fulfilled. Be very quiet – try not to move a muscle – and think about how you would feel inside if your wish were granted. Stay there for as long as you like.

Positive Affirmation

'Today I will float like a cloud' - This is a great affirmation to help you feel relaxed and calm.

Weekly Family Chill Night

Take some time out to relax together on the sofa or cushions. Enjoy a massage, some stretches and listen to your Relax Kids CD. You may like to try out the activity "Calm Picture" together.

Calm Picture

Write the word CALM as large as possible and let your child colour in the word. They can add pictures of things that help them feel calm. Let them use calming colours - anything to create an image of calm. Tell children to stare at the picture and see how calm they can feel. Then ask them to close their eyes and make the picture very small - like a postage stamp. Tell children they can keep this little picture anywhere they like in their body - heart, head, finger. Whenever they are feeling stressed and anxious, they can look at their calm picture and feel calm.

Marneta's Tip of the Day

Encourage your child to make a list of all the little things in life that they are grateful and thankful for. They could make a gratitude list. You may want to make a plan of how you can keep up the good work that you have achieved.
